**Q1. Did you find the regatta website easy to navigate, (Y/N) and what other information would you like to see on the website?**

Yes	77%
No	23%

Comments:

- Difficult to find results - had to look back to different venue websites. Any chance of having regatta races placed where one click on F11 Assn directly links to Upper Harbour results.

---

**Q2. Was the online registration process easy to follow?**

Really Easy	55.6%
Easy	44.4%

---

**3. Did the notice of race (NoR) explain everything clearly - (Y/N); What do you think we can improve on in the NoR?**

Yes	100%
No	0%

Comments:

- NOR offers consistency to racing. Would like to see consistency of markers/buoys as different shapes and sizes caused confusion with other significant markers and sailors missed rounding. Perhaps have a lead boat as heavy traffic, islands and bends impede vision of markers. Laminated maps. No changes to sailing instructions when on the water apart from course changes.

---

**4. Did you feel well informed and prepared through briefings and email communications prior to each race**

Yes I felt well prepared	77%
No I did not feel well prepared	0%
I felt somewhat prepared	23%
I did not always get a briefing	0%

---

**5. Was the on-water sign-on and sign-off easy to achieve? (Y?N) Comments**

Yes	100%
-----	------

Comments:

- I signed on at my home club, and assumed our delegate had radioed the host club
- Should have a physical sign-on/off sheet too.
- I actually signed on and off at my club, even if it was not hosting my regatta.

**6. I actually signed on and off at my club, even if it was not hosting my regatta.**

The start time did	0%
The finish time did	0%
No inconvenience experienced	67%
Some inconvenience for some of the races	33%

---

**7. Do you feel you benefited from the on water coaching? (Y/N) please comment**

Yes	67%
No	32%

Comments:

- it was very helpful for fine tuning my skills
  - Did not receive any on water coaching. However on water coaching for the middle to the back of the fleet would be good.
  - a little, difficult to really coach on the water
  - Yes, , on shore advice given.
  - Didn't get to use the coaching but would be keen to next year
- 

**8. What method did you use to obtain your results - [you can choose more than one answer]**

Regatta website	89%
SMS	22%
Through friends	0%
Not very interested in the results	0%

---

**9. Would you be willing to sail on some Saturday afternoon - to accommodate other host clubs [you can choose more than one answer]**

Yes	33%
No	44%
Yes, depending on other commitments (e.g. school sport)	44%

**10. The aim of the interclub regatta was to give young sailor of the Upper harbour an opportunity to be exposed to larger fleets and different sailing conditions, do you feel the regatta succeeded in these aims? (Y/N) Please comment on the experiences you'll take away from this first regatta and any other feedback you'd like to give.**

Comments:

- I am a sailing dad, and I think they were great for more time in the boat and sailing among a larger field
- Yes - as i was really competing against people at my level
- yes it was fun
- Yes. It was great to sail in a friendly atmosphere at all the clubs. Having a lead boat was also an advantage.
- Yes
- Yes a good idea, it succeeded in it's aims, it was a good experience. Thanks you
- Yes-great opportunity to enhance skills and knowledge while sailing among larger fleets and varied conditions. Would like to see in coaching, tactics and strategies, perhaps do a whiteboard presentation and/or incorporate theory learning. Fantastic idea and good practice for upcoming junior F11 sailors, especially early in the season. Can the regatta start in winter?
- Yes it did, as at my club we had less then 5 flying elevens and I think this helps my racing performances in other regattas such as the states and nationals. Thank you and I hope this will continue next season!
- Yes - the experience gained in sailing on a different part of the harbour is invaluable and it's good to meet other sailors - will definitely be back next year !
