\$24,000.00 ono

DETAILED INVENTORY

1. Quick boat with existing gear.
2. Full log books and all receipts including operation manuals for instruments and outboard.
3. *Grand Prix* set-up (customised by *Kerli Corlett* – one of a kind).
4. Hull in excellent condition – stiff hull and stiff coachhouse. Only minor wear and tear.
5. Well maintained and managed. Windows recently resealed and other time-consuming work completed by a shipwright.
6. Good set of working sails and an older twilighting/cruising set.
7. One older spinnaker and a 12 month old Ullman spinnaker which has seen little use.
8. 3.5HP longshaft Tohatsu outboard in immaculate condition:
 - a. Starts immediately every time;
 - b. Regularly serviced (with receipts);
 - c. Twin external fuel tanks, outboard oil, spares etc in snaplock container.
9. Lightweight (< 300kg) galvanised steel single axle cradle trailer with:
 - a. Duratorque suspension (the boat sits very low on the trailer so it travels well, is easy to get off at shallow ramps and you use less fuel on long trips);
 - b. Telescopic/extendable drawbar for shallow ramps (never had to use that function such is the ability of the trailer on its own);
 - c. Twin carpeted cradles (no rollers which can leave grooves in the underside of the hull);
 - d. New lights and electricals;
 - e. Plenty of NSW registration;
 - f. Dynex winch stop;
 - g. Dynex (override) brake cables (spliced – no joins, stainless manual adjustment);
 - h. New wheel bearings etc;
 - i. Serviced once a year.
10. Excellent (and efficient) mast standing system (telescopic mast post, wide mouth GP mast base etc).
11. Stainless steel pulpit.
12. *B&G Network Quad* instruments – fully functioning (multi-function speed, depth, water temperature, countdown/timer etc).
13. Running lights (all working perfectly for twilighting – incandescent globes).
14. *GME* (listen only) VHF and AM/FM radio with 3-inch speakers. Perfect for booze-cruising.
15. 12 volt electrical system running off ultra-lightweight 12V deep-cycle battery.
16. Full suite of safety gear to Category 6 (including new handheld *GME* VHF radio and extensive first-aid kit etc).
17. Plenty of spares and other ancillaries including new PFD Type 1 life jackets (5 traditional with whistles, 1 gas-actuated), boat hook, companionway beer holders etc.
18. Full custom-made hardstand cover – in excellent condition (rarely used).
19. Happy to help with delivery.
20. Boat will be ready to race upon pickup with current SMS Certificate (0.773).
